CAKE STANDS

From

\$15+ GST

A long wooden dining table is elegantly set for a formal dinner. The table is covered with white linens and features a variety of glassware, including water glasses and wine glasses. Each place setting includes a white plate, silverware, and a folded white napkin. The centerpiece is a large, lush arrangement of flowers, including pink roses and dried floral elements. A lit candle in a glass lantern adds a warm, ambient glow to the setting. The background is dark, with a string of warm-toned lights visible, suggesting an outdoor or semi-outdoor dining environment.
